CONTOUR®NEXT ONE Smart Meter and App System

Remarkable Accuracy in a Whole New Light

Illuminated test strip port

5-second countdown

Uses CONTOUR®NEXT test strips
Small sample size (0.6 µL)

RED, YELLOW, and GREEN provides instant feedback on your BG results.

The new **smartLIGHT** feature immediately identifies if BG readings are above, below, or within target range.

BELOW TARGET

WITHIN TARGET

CONTOUR®NEXT ONE is easy to use and our most accurate meter yet.*¹

- The only smart meter and app system to choose for your diabetes care
- Easy as red, yellow, and green with the new **smartLIGHT** feature
- Immediate results on your Bluetooth®-connected smart phone or tablet
- **Second-Chance® technology** gives you 60 seconds to reapply blood to the same strip which may help prevent wasted strips

Simply see your results with the free **CONTOUR™DIABETES app**.

You can easily see and share your results right on your smartphone or tablet.

- Seamlessly connects to your smartphone
- Electronic log book to keep all your data in one place
- Review easy to read, color-coded trends
- Easily share your info with your health care professional

See back page for instructions on how to order your **FREE CONTOUR®NEXT** portfolio meter.

*±8.4% applies to values ≥100mg/dL. Ad hoc analysis demonstrated 95% of results fell within ±8.4 mg/dL or ±8.4% of the laboratory reference values for glucose concentrations <100 mg/dL or ≥100 mg/dL, respectively, when tested via subject-obtained capillary fingertip results (patients).

Your diabetes, illuminated
