

In response to the federal government, your group health plan is required to cover the cost of at-home, over-the-counter COVID-19 diagnostic tests. **This includes commercial, individual, and group health plans.** This takes effect January 15, 2022.

To make this initiative as streamlined as possible, please review a list of Frequently Asked Questions.

**1) Who is eligible to receive a covered, over-the-counter at-home COVID-19 test?**

Individuals covered by private group or individual health insurance coverage.

**2) What tests are covered?**

Tests must be an at-home, over-the-counter COVID-19 diagnostic test authorized, cleared, or approved by the U.S. Food and Drug Administration (FDA).

**3) Where can I purchase a test?**

This information is still under review. More details will be shared at a later date.

**4) I paid for my test up-front. What is the process to be reimbursed?**

This information is still under review. More details will be shared at a later date.

**5) How many tests are covered at no cost to the member?**

AultCare will cover eight, individual at-home, over-the-counter tests per covered individual per month regardless of how they are packaged or distributed.

**6) Do I need to have a doctor's order to purchase a test?**

No. Over-the-counter tests will be covered without the need of cost-sharing requirements, such as deductibles, copayments, or prior authorizations.

**7) I purchased an at-home COVID-19 test prior to January 15, 2022. May I be reimbursed?**

No. Tests purchased prior to January 15, 2022 will not be covered by your healthcare plan.

**8) I am required to submit COVID-19 test results to my employer for employment purposes. May I be reimbursed for these tests?**

No. At-home, over-the-counter COVID-19 tests for employment purposes are not covered under your healthcare plan.
