5-Tier and 6-Tier Formulary

AultCare’s formulary is designed to provide value. Only specific drugs in each therapeutic class are covered. The formulary design provides adequate options in each therapeutic category and includes most generics and selected brands. Medications not listed on our formulary are not covered under the plan. Medications not on our formulary must meet criteria through an exception process in order to be considered for coverage under plan benefits. Certain medications may be covered under medical, require prior authorization, have step therapy, and/or may have plan limitations. Prior authorization may limit the number of days supply for certain medications. Tier exceptions are not applicable. For example, a higher tier (Non-Preferred) medication may not be requested at a lower tier (Preferred) copay. Specialty Medications are limited to a 30-day fill, and must be obtained from AultCare’s Preferred Specialty pharmacies. Generic Specialty medications are represented in lower case and Brand Specialty medications are represented in uppercase. Please refer to the Pharmacy Summary of Benefits to review copays/coinsurance. You can visit the AultCare website at www.aultcare.com or call AultCare Customer Service at 330-363-6360 or 1-800-344-8858 (TTY: 711) for any questions regarding these processes.

Certain classes may be listed on the formulary, but not covered, due to plan language.
